

# A Week for Heroes

Gifts. Refreshments. Gratitude.

It's all happening at your local  
Northern California branch

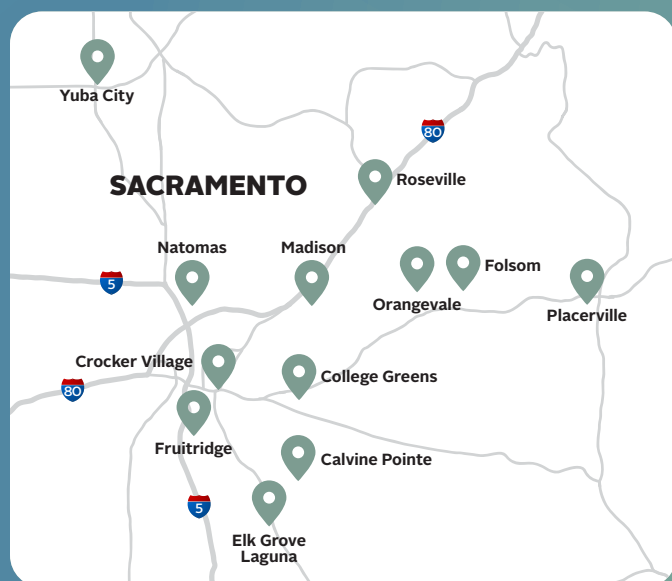

**March 9-12, 2022.**

SchoolsFirst Federal Credit Union was founded by school employees, to serve the needs of school employees and their families.

We're honored to dedicate four days in March to celebrate our local school employees and all our Members, just like you.

We hope you & your family can participate and invite the school employees in your life to join us for some well-deserved appreciation.
